

47th Larval Fish Conference

North American Great Lakes
May 12-16, 2024 | Huron, Ohio

Please join us for a
special Early Career Workshop on:

Tips to Avoid Scientific Burnout

Tuesday, May 14th at 6:30 pm

Sawmill Creek Resort, Huron, OH

- Learn practical strategies to manage stress and prevent burnout in your scientific career.
- Engage in an interactive panel discussion and Q&A session with experienced mentors who will provide perspectives and recommendations for tackling this prevalent issue.
- Gain valuable insights on work-life balance and maintaining mental well-being.
- Network with fellow early career professionals facing similar challenges.

Organized by the American Fisheries Society's
Early Life History Section Early Career Committee
